Description

If you're a certified diver looking for some chilled out leisure diving in the tropical waters of Tunku Abdul Rahman Marine Park, located in front of Kota Kinabalu, then this 5D4N Leisure Diving package is for you.

You can choose to do the 5D4N Leisure Diving package with 6 or 9 leisure dives over 3 days. Enjoy diving in warm waters along a range of pretty coral reefs (with depth ranging from 5m – 25m). We have over 25 logged dive sites within the Marine park itself. We choose our dive sites based on the best diving and weather conditions on the day (and in line with diver experience / certification levels). We aim to show you different dive sites each day (weather dependable).

You will be diving from the best diving day boats in Kota Kinabalu - our spacious and well equipped diving catamaran, Borneo Dream 3, or our speedy, fun RIB.

Sabah is located within The Coral Triangle, which is recognised for having the greatest biodiversity compared to other waters in the world. This means you will come across a wide range of marine life during your dives – from the smallest critters, a range of colourful coral reef fish species through to Green and Hawksbill Turtles.

**If you are doing a 3 dive trip, your second dive of the day will be before lunch (with a minimum 1 hour surface interval between dives). This will mean your lunch will be at ~1pm and you will be back at Jesselton Point Jetty at approx. 4:30pm.*
