Images

Description

Enjoy visiting the Kinabatangan River and see some of the amazing, and often unique, wildlife of Sabah in their natural habitat. This trip includes 1 night's stay in an Agamid Detached Chalet at Kinabatangan Nature Lodge located near Kg. Bilit.

Itinerary

DAY 1

Pick up from any hotel within Sandakan at 0800 hrs or at Sandakan Airport (MH2042 @ 0810 hrs). Transfer to Sepilok Orang Utan Rehabilitation Centre. At this world-renowned centre, come face to face with human's closest relative, the Orang Utans. Orang Utans share 97% of the same DNA as humans. The Orang Utans feeding time is at 1000 hrs. While Orang Utan rehabilitation is still the primary goal at Sepilok, present aims include public education on conservation and research and assistance for other endangered species (such as captive breeding of the endangered Rhinoceros).

After the feeding session at Sepilok, proceed for lunch at a local restaurant. After lunch, transfer to the Nature Lodge Kinabatangan which is located at the Lower Kinabatangan River Sanctuary. The journey will take approximately 2 hours, passing by Kota Kinabatangan town and also oil palm plantations. Catch a glimpse of the curious primates and swiftlets of Gomantong Caves while on the last leg along Kampung Bilit road. Transfer from the Kampung Bilit jetty to Nature Lodge Kinabatangan, just 3 mins by boat transfer across the River. Welcome drinks will be served upon arrival.

On arrival, guests will be given a verbal orientation of the Lodge and the surrounding area. Proceed to check into your chalet within the Agamid Wing of Nature Lodge Kinabatangan. Join the afternoon boat cruise at 1600 hrs to search for wildlife and bird-life along the Kinabatangan river banks. Return to the Lodge to freshen up and then enjoy dinner in the midst of the Kampung Bilit secondary jungle. Right after dinner, go for a guided night walk to enjoy the wilderness and watch sleeping birds and nocturnal creatures of the jungle. Overnight at the Lodge. (L, D).
